AFFIDAVIT OF KAREN ABNEY

I, Karen Abney, being duly sworn, do hereby depose and state as follows:

1. My name is Karen Abney. I am employed by Southwestern Bell Telephone Company in Tulsa, Oklahoma, and my title is "Manager-Sales". I work in customer service for residence customers and manage a group of service representatives.

2. On December 30, 1997, I contacted Brooks Fiber regarding adding an additional phone line to my home. I spoke with Jim Marshall who advised me that Brooks could provide service in my area. He then explained he would run a "credit check" to determine if I would need \$150 deposit and also explained that he had a spreadsheet that helps him determine rates within + or - \$.25.

3. He advised me the only 2 features Brooks offered were Call Waiting and Caller ID. The basic line was quoted as \$14.50, Call Waiting is \$3.00, and Caller Id is \$5.00.

After I explained I only wanted Caller ID, he advised me my monthly rate would be \$26.23 and further stated this includes all taxes + or - \$.25. My installation charges were quoted as \$44.45. I asked what the charge would be to add CID later and he advised me he thought it would be \$6.00.

4. Jim explained that they've been offering service to residence customers for 2 months now. He advised me I would need to sign an "LOA" form and then told me there's a 10 day window on due dates. I signed and returned the form, indicating that I was authorizing a second line to my home.
5. The initial service installation date scheduled by Brooks was for January 18th. At my request, that date was rescheduled for Friday 1-23-98 p.m. Service was installed by Brooks on January 27th, and I have been receiving Brooks' service since that date.
6. This concludes my affidavit.

1. My name is Toni Kirkpatrick. I am employed as residence sales manager for Southwestern Bell Telephone Company in Tulsa, Oklahoma. In this position, I am responsible for managing a service rep group in residence sales.
2. On, December 23, 1997 I called Brooks Fiber at 1 888 664-7711 to inquire about obtaining local residential service to my home in Tulsa, Oklahoma.
3. I was referred to a Brooks representative named Jim. I then told Jim that I wanted an additional residential line installed to my house, and asked what was available in my area. After asking my address, Jim verified that Brooks did provide local residential service in my area. He advised me that call waiting and Caller ID were the only additional services offered by Brooks at this time.

4. I inquired about long distance carrier selection and was advised that Brooks could not suggest a provider, but that I could choose my carrier. Jim asked if I would like my PIC restricted, and explained that this would prevent anyone else from changing my carrier. I accepted restrictions for 900 and third-party calls, but declined Brook's offer for complete toll restriction.
5. Jim quoted me the following rates for residential local service by Brooks: \$29.56 per month and a one time installation charge of \$44.45. Jim stated he was using a worksheet and the quoted rates should be accurate within 25 cents.
6. Jim advised me that, based on my credit check, I would not be required to pay a deposit.
7. I told Jim I would like to sign up for the service, and I was given a due date of "around January 13th." My listing was verified for the telephone directory, and I requested that my address not be included.
8. Jim forwarded me a "Letter of Authorization," and advised that he would order service connected when he received the signed copy. I signed and returned the LOA via fax.
9. On January 14, 1997, I again called Brooks to ask about my due date. Jim said that he thought my due date was the 16th, and that he would call me back to confirm my appointment by the end of the day.
10. Brooks' installed service on January 18, 1998, and I have been receiving service from Brooks since that date.
11. This concludes my affidavit.
